

**BETTER MAN IN ME** (July 3)

(V1)

You go to church I go for bass  
You got a future I got a past  
I drink too much you drink sweet tea  
Your friends wonder what you see in me

I like to gamble you like to save  
You do what's right I misbehave  
Your mamma said I told you so  
But there's something that you know

There's a better man inside me  
Just waitin' to be unleashed

(CHORUS)

Come and set free  
This man who's stuck inside of me  
He needs a bit of pushin'  
And a whole lot of lovin  
I'm so prideful and so dang stubborn  
Come and let him out  
Girl never doubt  
I need you I love you I really wanna be  
The better man in me  
Do you still believe

(V2)

You got patience I have a cow  
You say I'll wait I say right now  
I'm a redneck you're a saint  
In fact you're everything I ain't
