

BETTER MAN IN ME (July 6)

VERSE

I try like hell to do what's right
But every week come Friday night
The boys go out for beers at Buck's
By eight I've usually had too much

I stumble back on home at 4:00
Clothes on the lawn and two locked doors Your mamma said I told you so
But there's something she don't know

PRECHORUS

There's a better man inside me
Just waitin' to be unleashed

CHORUS

Come and set free
This man who's stuck inside of me
He needs a bit of pushin'
And a whole lot of lovin'
I'm so prideful and so dang stubborn
Come and let him out
Girl never doubt
I need you I love you I really wanna be
The better man in me
Do you still believe

VERSE

Sunday you drag me off to church
The preacher says don't drink don't curse From then til Thursday I'm a saint
But Friday comes and then I ain't

PRECHORUS

Oh there's a better man
Just waiting to be unleashed
